Website: N/A

Legal Status: Socially Owned Enterprise

**FRY Business
Registration:** Fi80/78

**UNMIK Provisional
Registration:** 80122250

Historical Background

The business of the company is printing. It focuses on the production of brochures, catalogues, forms, posters, documents, business stationery, and tickets for bus transport, but it includes the binding of covers. The operations of the printing house started in small scale in 1960. There was a first phase of gradual extensions financed from modest cash outflows. In 1985, offset printing equipment was bought with the aim to produce picture prints. During years of enforced measures, 1990 to 1999, no further investments were made. Thus all equipment is at least 15 years old. Recently, the company bought a computer and got an Internet connection.

Progesi Printing House Highlights

- The company is perfectly located in the industrial area
- The company is 500 meters from the train station
- There is strong regional demand for printed material
- Workforce is well-trained and capable of expanding operations

Operations

During 25 days in a month, the company can produce 25 tons of printed material.

Currently, the maximum output is 10 tons per month. Thus the utilisation rate is below 40 %.
